

# Specifications for the use of public refrigerators in student dormitories of Kainan University

The accommodation service team is not responsible for keeping the items in the refrigerator, and there is no objection to the loss or disposal of the items in the refrigerator. Those who violate the following refrigerator use regulations will be given a clean refrigerator and a warning.

**When you open the door of the refrigerator and store the items, it means that you have read the usage instructions carefully.**

1. Items placed in the refrigerator should be placed in a fresh-keeping box, and labels (room number, name, storage date) should be posted on the obvious places of the fresh-keeping box. For example 2-201-1 Lin Xiaolin 112.02.13~112.02.19 (please write according to this template).
2. Opened hand cups, aluminum foil bags, aluminum cans, paper cups, Styrofoam cups, plastic cups, etc. cannot be placed in the refrigerator.
3. The bento after opening cannot be placed in the refrigerator.
4. Fresh materials must be sealed and stored in a zipper bag and placed in a fresh-keeping box.
5. The dormitory treats ingredients (including beverages) that are not in the fresh-keeping box from time to time every day as waste and discards them. No objection is allowed, and there is no need to notify through the broadcast or any platform.
6. Once the date on the label of the fresh-keeping box exceeds seven days, the contents of the box must be discarded without objection.
7. If the refrigerator is damaged due to improper use, it shall be repaired and compensated according to the price.

**When you open the door of the refrigerator and store the items, it means that you have read the usage instructions carefully.**
